SENT DEPARTMENT 157, REPEATED INFORMATION NEW DELHI 5

Draft India-Indonesia arrangement for third country processing PL-480 cotton in India for account of Indonesia contains standard clause whereby India recognizes raw cotton from US to India will be in addition to raw cotton that would otherwise be imported from US and countries friendly to US. Indonesian Government amending this language as follows: "and will not result in increased availability raw cotton yarns to countries unfriendly to US." Government of India through its Embassy here opposes this amendment on grounds such language not included in present or past PL-480 agreements between India and US and has so informed Indonesian Government. Further justification this position offered by government of India as follows: (1) would require change in export policy since no restrictions any kind now in effect. View is that such restriction would be disturbing marketing factor and is not necessary because (2) Communist China and North Vietnam have not received yarns or textiles from India in recent years; (3) all cotton delivered to India for account of Indonesia will be processed in mills in India.

Request confirmation Indian Ambassador statement regarding language contained US-India PL-480 agreements and authority convey this information to GOI. Also request authority inform Indonesian Government amendment described above not required by US.

No basis from USG point of view for GOI to require additional language quoted ref tel in third country cotton processing agreements. Reasons for GOI stand unknown here. Standard clause appears in Indonesian-Japan Agreement and in similar agreements without additional quoted language. US-India PL 480 Agreements likewise do not contain this language, but carry same Article IV provision as in May 29, 1959 SAC agreement. You may convey this to GOI and inform that U.S. does not require quoted additional language.
